

Early Career Women in STEMM Paper & Grant Writing Workshop

The University of Sydney

28-30TH September 2022

www.sydney.edu.au/medicine-health/schools/school-of-medical-sciences/women-in-stemm-workshop.html

A workshop designed for ECR women aimed at strengthening the scientific writing and critical thinking skills of Australia's next generation of scientists and academics in STEMM. This workshop will provide an opportunity for ECRs to build on their scientific writing skills and gain inspiration from mentors and like-minded researchers, forming a valuable component of their academic career development.
